SMALL LOANS.

An article in one of the leading pe-
 riódicals recently that has attracted
 considerable attention was on the
 subject of loan sharks in the large
 cities who make small loans to peo-
 ple in urgent circumstances and
 charge exorbitant rates of interest.
 These loans are made so indiscrim-
 inately that the large losses that in-
 evitably result are made up by the
 exorbitant charges to the ones who
 do pay. Laws have been enacted to
 regulate the rate of interest for
 small short time loans, but the pec-
 cular part of these laws is that the
 rate of interest is abnormally high
 compared with the legal banking rate.

The point made by the periodical
 is the lack of proper banking facil-
 ities is what fosters the loan sharks
 as well as perpetuates the credit
 system. The banks in this county will
 not bother with a \$10 loan, which
 nearly every person on salary or who
 is perfectly good pay needs at some
 time another. The most of such per-
 sons would rather make a temporary
 loan from a bank if he could, but as
 he cannot do that he stands the mer-
 chant off for necessities when he is
 short, and the tradesman has to suf-
 fer the inconvenience. The periodical
 states that the Bank of France,
 one of the model financial institu-
 tions of the world, will lend \$10 as
 cheerfully as it will \$100,000, and at
 the same rate of interest. In this
 country a person who applies for a
 loan of \$10 at a bank is regarded
 with suspicion, yet an aggregation of
 \$10 loans would be as profitable as
 the same amount in larger sums and
 individual losses could not be so
 great.

This banking system of the French
 people, who never have any financial
 panics practically does away with the
 credit system, and makes the French
 nation one of the thriftiest in the
 world. A change in the system in this
 country whereby the people would get
 credit at the banks instead of with
 the tradesmen would work a won-
 derous change in the habits of thrift
 and finance.

ELECTRIC SPARKS

Those pictures taken in dwelling
 houses always look as though the roof
 were too close.

So far as chances for getting hus-
 bands are concerned the stenographer
 has something on the chorus girl.

The latest is the man who has sued

for divorce because his wife wanted
 to be a chorus girl and wear tights.
 He shouldn't be so unreasonable as to
 try to prevent his wife from follow-
 ing merely fashionable pursuits.

The murderers who prove them-
 selves insane always did look sort of
 suspicious.

Oftentimes reformers get all the
 reform taken out of them while in
 office.

Yale defeated Princeton ten years
 ago, but that doesn't have anything
 to do with present events.

Dr. Wiley is to speak at a suffra-
 gette convention in Philadelphia.
 Wonder if he won't carefully avoid
 the issue?

Wonder if the Standard Oil will
 have any more trouble existing under
 different charters by the new plan
 than it had by the old scheme?

One job that fits the bill as a tough
 proposition to handle is that of being
 political boss of a national party
 organization.

We have a Phariseeical sort of joy
 that it is not as cold here as it is in
 Wisconsin.

It won't be so very much longer until
 the tariff will have a show in Con-
 gress again.

A man can often live happily in a
 flat because there is no room for his
 wife's relatives.

PICKED UP IN PASSING

Even mistakes have their uses.
 One day this week the make-up man
 on Mail inadvertently neglected to
 change the date of the issue at the
 head of the paper, and the whole edition
 run through bearing date of the
 previous day.

"Did you know you made a mistake
 in the date of your paper yesterday?"
 asked a subscriber next day. "I never
 would have noticed it, only a neighbor
 who borrows my paper every day
 came over after it is usual, and I
 hunted high and low for it, but could
 not find the right date until I hap-
 pened to notice the stuff in the paper,
 and then discovered that the date was
 wrong."

The value of the error was that is
 showed the publishers that each paper
 is widely read.

Long Coats, 12.50

A RECENT purchase from the foremost tailors of New York and Cleveland has just been consummated, enabling us to offer the women of this vicinity the greatest variety of models, patterns, materials, colorings, etc., in Fall and Winter Coats ever offered so early in the season.

At \$12.50 we offer the most beautiful garments you ever saw, usually priced from \$15 to \$18, including only all wool materials, such as two-tone cloths, reversible cloths, cheviots, serges, tweeds and kerseys in black, navy, tan, gray, brown, etc., as well as a big variety of novelty mixtures, in plain tailored as well as trimmed styles, also the new Polo Coat, English Walking Coat, the new Princess Coat and the new reversible coats for the Miss—all full lengths. For the elderly woman we have the all wool black cloths, serges, etc., in the half fitted models in 28, 30 and 36-inch lengths. We firmly believe that there is not another such a collection of coats in Western Pennsylvania, and the price at which we offer them is absolutely unmatched. Your money back if not satisfied. Instead of \$15 and \$18—the real values, we offer them at just . . .

12.50

Many other coats for women and misses from \$5.00 to \$100, including fur as well as cloth. Do not forget we show a complete line of women's tailored suits in all materials and colors from \$10 to \$50. Specially strong line at \$20 and \$25.

HAIR HEALTH

Take Advantage of This Generous Offer

Your money back upon request at our store if Rexall "93" Hair Tonic doesn't do as we claim. That's our guarantee. You obligate yourself to nothing whatever. Could you risk or could we give you stronger proof of our confidence in the hair restoring qualities of this preparation?

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if it did not do all we claim it will. Should our enthusiasm have carried us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements and in consequence our business prestige would suffer.

We assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth, and prevent premature baldness, or the above guarantee becomes operative. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, Carroll's Drug Store, 623 Fallowfield avenue, Charleroi.

Quills and Their Uses.

Quills are things that are sometimes taken from the pinions of one goose to spread the opinions of another.

Climate Failed—Medicine Cured

It has been absolutely shown that rest, fresh air, and good food do help many persons suffering from Tuberculosis. But, to be really honest, it must be admitted that the disease is seldom more than arrested. Something more is needed. Eckman's Alternative, a medicine made for the cure of Tuberculosis, has cured this disease again and again. Often these cures have been effected where the surroundings were not ideal, where no intelligent care was taken of the patient, where money was scarce; good food and clean air did not yet cure him. Now we argue and urge that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need.

The facts—the evidence of cures that have been made—so interesting and remarkable—follows:—Winton, Ill.—Gentlemen:—Through Eckman's Alternative I have been saved from a premature grave, and, feeling that I might benefit suffering humanity, I take pleasure in writing you a brief history of my sickness which you may liberty to print. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected; my sputum was examined and Tuberculosis was found. On February 21st, 1905, was advised to go to Fort Worth, Texas while there was no loss in my right lung and discharged. I grew well and became very much enfeebled. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 1st, and arrived in Canon City June 3d, very feeble. After being here two days my physician informed me that nothing could be done for my case was hopeless. Three weeks later returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive.

On July 14, 1905, I began taking Eckman's wonderful remedy for Consumption, is giving me highly recommended. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, eat well, sleep well, and never feel better. I would be glad if every person afflicted with Tuberculosis took Eckman's Alternative. ARTHUR WEBER, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and W. F. Hennings', Charleroi, Pa.

That good old saying, "A stitch in time saves nine," is proved over and over in our daily life.

For example, when you begin to feel out of sorts, don't want to eat, and don't seem as strong as usual, if you would begin right away to use Vinol, our delicious cod liver and iron preparation without oil, you could easily put yourself in good trim again with one bottle, or less. But when you wait and grow worse all the time, it is bound to take more.

We just got a letter from Mrs. Mary Glynn of Mt. Vernon, N.Y., who says: "When my health became rundown last March I took prompt action to improve it and was told that Vinol was the best thing to build me up. Using one bottle of Vinol has made me well and strong again."

Don't put it off another day. If you feel the need of more strength and better blood, or if one of your

family is weak and sickly, Vinol will give renewed strength and energy. If it does not, we will give you back your money. Piper Bros, Druggists, Charleroi, Pa.

BOROUGH OFFICERS WILL TAKE THEIR SEATS SOON

New Members of Council and School Board to Be Sworn In

ONLY ONE OLD DIRECTOR

of New Body Entirely New to Job—Three Inexperienced Councilmen

Within three weeks there will be a change effected in local municipalities. Councilmen and School directors elected at the recent election will take their seats the first of December that being the time set by the new law. Both council and the school board now are finishing up what work they have on hand in preparation for the change, which will be radical one.

Three inexperienced men will be sworn in as councilmen, D. R. Duvall, John Rickey and Frank Riva. W. R. Gaut, who was elevated at the last election is a member of council already, and will be sworn in for a new term. The school board will contain one of the present members, J. Hill.

When council organizes it will present the following front: D. R. Duvall, W. R. Gaut, Oscar C. Linn, John Rickey, W. H. Calvert, Dr. A. O. Davis and Frank Riva. Those whose terms expire are Charles O. Frye, Charles Schmeiler, Capt. J. K. Hein, and W. R. Gaut.

School directors will be: R. C. Tousner, Dr. F. C. Stahman, and E. R. Egay, six year men; Joseph Schoener and W. D. Pollock, four year men; J. M. Hill and H. J. Booth, two year men. Outgoing members of the school board are: Dr. T. M. Faddis, Ira L. Nickeson, Charles Vallen, J. M. Hill, D. H. Glunt, and George Nelan.

When council and school board reorganize they will have officers to elect and there is much speculation as to the probable lineup. It is supposed that the new administration will pursue the general program policies now in effect.

MACHINE AND HAND GLASS MEN TO UNITE

Manufacturers Apprehensive of Trouble Coming

From the Proposed Organization--

Reasons for Action

From present indications trouble is brewing in the window glass industry which may extend to all parts of Western Pennsylvania where window glass is made. The Cutters and Flatteners Association of America are considering the matter of uniting with the cutters and flatteners of hand-blowing plants. The idea is largely favored, it is stated and among window glass men the move is said to indicate trouble.

Dissatisfaction was caused recently when it is stated among the mechanical men of the machine department by an

COUPLE WEDDED IN PITTSBURGH

Miss Ruth Richards Becomes the Bride of William Poad

In the presence of friends of the two families Miss Ruth Richards the popular and accomplished daughter of Mrs Mary E. Richards, of Mt. Washington and William Poad of Whittaker, were married on Wednesday evening at 8 o'clock. The happy couple are now sojourning at the home of the groom in Whittaker previous to taking up their residence at Homestead.

Accompanying Miss Richards as maid of honor was Miss Minnie Porter, of Charleroi, her bosom friends. The groom was attended by Ralph Richards, a brother of the bride.

The bride and her mother were former residents of Charleroi and are well known here. Mr. Poad holds a responsible position with the Carnegie Steel company. Mr. and Mrs. C. B. Richards and Miss Minnie Porter were the only Charleroi people who attended the wedding.

DARKIES TO COME

Father Sears and His Tribe Defeat Charleroi

Instead of Johnstown, as was announced on the advertising cards throughout town, Connellsville will play here on Saturday night with the Charleroi Central Basketball league team. It will be the second game on the local floor and from the showing made by Connellsville, much interest is attached. If the Darkies do not interpose too serious objections Capt. Adams and his tribe of warriors will capture the contest.

By the game Wednesday night an intense enthusiasm was created.

Basketball as a professional game is a new sport here, and there is every indication to believe that it will become a popular one.

Railroad Announces Important Alterations in Train Service

BEST NIGHT OF SERVICES

Fourteen Conversions in One Evening Record for Evangelist Here

Gaining in interest nightly the evangelist services being held in the Methodist Episcopal church by Evangelist A. E. Burrows and Prof R. A. Jennings, the singer, reached the zenith last night in effectiveness and power. A deep impression was made by the evangelist. Fifty-eight High School students with Prof W. A. Swick, the principal and members of the faculty at their head attended the meeting in a body.

Rev. Burrows changing from tactics adopted at the beginning of the series of meetings put a zest into the service last night that was most effective so far as results were concerned.

Thursday James Jone had Mike Meno arrested for hitting him with a pair of knuckles. The hearing before Burgess Risbeck was scheduled for Thursday night, and Meno left a forfeit for his appearance. When the time came Meno embellished the scenery of the police court but the defendant Jone was conspicuous only by his absence. Meno insisted on justice. Asserting that Jone was the responsible person for the whole trouble and that in an affray he struck the first blow Meno charged him with misconduct and now the police are holding a warrant for Jone's arrest.

UNIONTOWN WINS AGAIN

Under the watchful eye of not only the Charleroi Lumber company officials, but also the railroad officials, the new station is now being completed. Mr. Sheasly, the master carpenter, J. L. Tucker, the trainmaster and other officials.

The new Charleroi station is undoubtedly the most beautiful as well as the most costly along the Monongahela valley. It is complete with all the latest and most up-to-date trimmings and equipment and will rival in beauty of architecture and design many stations in larger cities.

There is yet work to be done around the station grounds by the contractor such as paving, but this will be finished as soon as possible.

To serve temporarily the seats will be removed from the old station and placed in the new. New seats will be placed as soon as possible. The old structure will be torn down.

CHORUS WORK BRINGS WARM COMPLIMENTS

Prof R. A. Jennings the song leader at the evangelistic services being held at the Methodist Episcopal church after he had heard the High School chorus sing a number of selections at the last night's meeting took occasion to publicly compliment them and the music supervisor who is training the chorus, Prof. I. T. Daniel. Prof Jennings was more than pleased with the chorus work and led the hearty applause which greeted the efforts of the chorus. Prof Daniel now has the High School chorus engaged in the work of preparing a cantata, "The Wreck of the Hesperus" to be given probably before the Christmas holidays. Never was there a better variety of musical talent in High School.

Seeking New Industry. The Monongahela Chamber of Commerce is trying to induce the Florence Wagon company to locate in that town. The company, which employs 150 men is now located in Florence, Alabama, and is seeking a new location, as it is obliged to purchase nearly all its material from northern points. It manufactures farm and other wagons.

SMALL LOANS.

An article in one of the leading periodicals recently that has attracted considerable attention was on the subject of loan sharks in the large cities who make small loans to people in urgent circumstances and charge exorbitant rates of interest. These loans are made so indiscriminately that the large losses that inevitably result are made up by the exorbitant charges to the ones who do pay. Laws have been enacted to regulate the rate of interest for small short time loans, but the peculiar part of these laws is that the rate of interest is abnormally high compared with the legal banking rate.

The point made by the periodical is the lack of proper banking facilities is what fosters the loan sharks as well as perpetuates the credit system. The banks in this country will not bother with a \$10 loan, which nearly every person on salary or who is perfectly good pay needs at some time another. The most of such persons would rather make a temporary loan from a bank if he could, but as he cannot do that he stands the merchant off for necessities when he is short and the tradesman has to suffer the inconvenience. The periodical states that the Bank of France, one of the model financial institutions of the world, will lend \$10 as cheerfully as it will \$100,000, and at the same rate of interest. In this country a person who applies for a loan of \$10 at a bank is regarded with suspicion, yet an aggregation of \$10 loans would be as profitable as the same amount in larger sums and individual losses could not be so great.

This banking system of the French people, who never have any financial panics, basically does away with the credit system, and makes the French nation one of the wealthiest in the world. A change in the system in this country whereby the people would get credit at the banks instead of with the tradesmen would work a wondrous change in the habits of thrift and finance.

ELECTRIC SPARKS

Those pictures taken in dwelling houses always look as though the roof were too close.

So far as chances for getting husbands are concerned the stenographer has something on the chorus girl.

The latest is the man who has sued

for divorce because his wife wanted to be a chorus girl and wear tights. He shouldn't be so unreasonable as to try to prevent his wife from following merely fashionable pursuits.

The murderers who prove themselves insane always did look sort of suspicious.

Oftentimes reformers get all the return taken out of them while in office.

Yale defeated Princeton ten years ago, but that doesn't have anything to do with present events.

Dr. Wiley is to speak at a suffrage convention in Philadelphia. Wonder if he won't carefully avoid the issue?

Wonder if the Standard Oil will have any more trouble existing under different charters by the new plan than it had by the old scheme?

One job that fits the bill as a tough proposition to handle is that of being political boss of a national party organization.

We have a Phariseeish sort of joy that it is not as cold here as it is in Wisconsin.

It won't be so very much longer until the tariff will have a show in Congress again.

A man can't live happily in a flat because there is no room for his wife's relatives.

PICKED UP IN PASSING

Even mistakes have their uses. One day this week the make-up man on Marj. inadvertently neglected to change the date of the issue at the head of the paper, and the whole edition ran through bearing date of the previous day.

"Did you know you made a mistake in the date of your paper yesterday?" asked a subscriber next day. "I never would have noticed it, only a neighbor who borrows my paper every day came over after it was issued, and I hunted high and low for it, but couldn't find the right date until I happened to notice the staff in the paper, and then discovered that the date was wrong."

The value of the error was that it showed the publishers that each paper is widely read.

Climate Failed—Medicine Cured

It has been absolutely shown that respiration and circulation help many persons suffering from Tuberculosis. But to live in the house it must be admitted that the disease can not be cured in this way. Something more is needed.

Eckman's Alternative is a medicine made for the cure of Tuberculosis. It has cured his disease again and again. Often his disease has recurred & he has often been told that his lungs were not clear where no one else was told of the patient's condition. He was given good food and a quiet, quiet, quiet rest.

Now we urge and urge that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good fresh food and fresh air, water, etc.

The following evidence of cures that have made are interesting reading: Readable care follows—Welder III October 1—Though Eckman's Alternative has been given from a non-prescriptive and federal that I might benefit the company to take pleasure in giving him a good prescription for his disease.

On October 1, 1904, I was ill with Typhoid Pneumonia. Mr. Jones informed me that I must go to Charleroi as quickly as possible. I left on June 1st, and arrived on the 2nd.

On June 2nd, Dr. Arthur W. Weller informed me that I must go to Charleroi as quickly as possible. I left on June 1st, and arrived on the 2nd.

After being ill for several days, the doctor informed me that nothing could be done as my case was hopeless.

Three weeks later I returned home weighing 10 pounds, the doctor having given me no assurance of reaching there alive.

On July 14, 1905, I began taking Eckman's Alternative for Consumption, it having been highly recommended. I weighed 105 pounds.

I am strong and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my bones. I sleep well and am never fatigued.

On July 14, 1905, I began taking Eckman's Alternative for Consumption, it having been highly recommended. I weighed 105 pounds.

I am strong and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my bones. I sleep well and am never fatigued.

On August 1st, Dr. Arthur Weller informed me that I must go to Charleroi as quickly as possible. I left on August 1st, and arrived on the 2nd.

After being ill for several days, the doctor informed me that nothing could be done as my case was hopeless.

Three weeks later I returned home weighing 10 pounds, the doctor having given me no assurance of reaching there alive.
